**Limited Submission**

**Office of Vice President for Research**

The Johnson & Johnson Scholars Award Program aims to fuel development of female STEM2D leaders and feed the STEM2D talent pipeline by awarding and sponsoring women at critical points in their careers, in each of the STEM2D disciplines: Science, Technology, Engineering, Math, Manufacturing and Design

The awards will fund early to mid-career women working within a STEM2D university department. The goal is to fuel the research passion of the awarded women and inspire career paths in their respective STEM2D fields. Johnson & Johnson is looking to identify global women leading in both their research fields and leading as mentors, to be a vision for girls and other women in STEM2D.

By offering these awards, Johnson & Johnson hopes to play an influential role in STEM2D breakthroughs in the future.

Pre-proposals for internal review will be submitted through [Temple InfoReady](#) by **5p.m. Monday, 9/19/2022**

Funding opportunity guidelines, along with the information required for the Temple pre-proposal, are on the Temple InfoReady site. The funding organization deadline is September 30th 2022.

Temple InfoReady Log-in and User Profile creation instructions are available [here](#).
