

OFFICE OF THE VICE PRESIDENT FOR RESEARCH
Limited Submission
PLEASE DISSEMINATE TO ALL FACULTY

1. **NSF Scholarships in Science, Technology, Engineering, and Mathematics (S-STEM)** The main goal of the S-STEM program is to enable low-income students with academic ability, talent or potential to pursue successful careers in promising STEM fields. Ultimately, the S-STEM program seeks to increase the number of low-income students who graduate with a S-STEM eligible degree and contribute to the American innovation economy with their STEM knowledge. **Total Funding \$5,000,000 Internal deadline January 3rd, 2023, Funding Organization Deadline February 22nd 2023.**
2. **Camille Dreyfus Teacher-Scholar Award:** The Camille Dreyfus Teacher-Scholar Awards Program supports the research and teaching careers of talented young faculty in the chemical sciences. Based on institutional nominations, the program provides discretionary funding to faculty at an early stage in their careers. Criteria for selection include an independent body of scholarship attained in the early years of their appointment, and a demonstrated commitment to education, signaling the promise of continuing outstanding contributions to both research and teaching. **Total Funding \$100,000. Internal Deadline Dec 12th, 2022. Funding organization Deadline February 1st 2023.**
3. **Oak Ridge Associated Universities (ORAU) Ralph E. Powe Junior Faculty Enhancement Awards:** These competitive research awards provide seed money for junior faculty members that often result in additional funding from other sources. Research projects must fall within one of these five disciplines: Engineering and Applied Science, Health Disparities/Equity, Life Sciences, Mathematics/Computer Sciences, Physical Sciences, Policy, Management, or Education. **Total Funding \$ 5,000 with institutional match of same amount. Internal deadline December 9th, 2022, Funding Organization deadline January 7th, 2023**
4. **Mary Kay Ash Foundation:** The Mary Kay Ash Foundation, a funding source for cancer research, is currently accepting applications for innovative grants for translational research of cancers affecting women, including but not limited to breast, cervical, endometrial, ovarian, uterine or cancers predominantly affecting women. **Total Funding \$100,000 over a two-year period. Internal Deadline Dec 5th 2022, Funding Organization Deadline February 1st, 2023.**
